

**Dr Marta de Madariaga Lopez**  
BSc. (Hons), MSc, DClinPsy.  
**Consultant Clinical Psychologist**

Health Professions Council Registration: **PYL04911**  
British Psychological Society Membership: **93783**

Dr de Madariaga Lopez is a chartered clinical psychologist, who has over 10 years post qualification experience working within NHS Adult Mental Health Services. She specialises in the assessment of individuals and parents within the family courts, where there are concerns about parenting, mental health, cognitive deficits and/or domestic violence. In her professional experience she has worked in a broad range of fields including older adult mental health teams, neuropsychiatry, personality disorders and substance misuse services within the NHS. She has lectured at Canterbury and Oxford University and published extensively on neurological disorders and substance abuse. She provides a broad range of therapeutic interventions to individuals and families.

#### **PROFESSIONAL EXPERTISE**

- Clinical Psychologist in the NHS, working in Older Adult Community Mental Health Teams, Neuropsychiatry, Personality Disorders, Brain Injury and Substance Misuse Services.
- Assessment and Intervention of Mental Health in Adolescents, Adults and Older Adults.
- Assessment and treatment of personality disorder,
- Assessment of adults and adolescents with complex trauma and/or PTSD and the affect that it has on mental health and personality development.
- Cognitive rehabilitation for dementia and neuropsychological assessment of mental capacity and learning disability.
- Assessment of family risk including substance misuse, domestic abuse, sexual risk and neglect.
- Independent Expert Witness in Court proceedings where there are child protection concerns and cultural diversity enquiries.
- Research interests include trauma and matters associated with growing older; and the effects of trauma and degenerative conditions on cognition.
