Chartered Forensic Psychologist

Health Professions Council Registration: **PYL35381**
British Psychological Society Membership: **284816**

Dr Jayne Corson is a BPS Chartered and HCPC Registered Senior Forensic Psychologist. She holds a Clinical Lead role within the NHS over-seeing psychological provision covering two London prisons serving a diverse population of offenders with complex presentations. She has held roles within NHS adult forensic mental health, low and medium secure hospitals including acute, rehab and learning disability wards. In addition, she has worked within HM Prison Services across a range of prison settings, including high secure through to open conditions. She has held a post within academia as a university lecturer for BSc and MSc Forensic Psychology programmes, and has worked for the Local Authority, Social Services and probation. Dr Corson provides expert assessments and opinion on offending, violence, personality disorder, sexual offending, domestic violence, fire-setting, substance misuse, neurocognitive functioning, mental health, autism, learning disability, trauma, suggestibility, malingering and parental capacity. Her research interests relate to the development of personality disorders, specifically anti-social personality disorder and associated underlying psychological constructs that impact on offending behaviour.

WORK HISTORY

2019 – Present Adult Forensic Mental Health; HMP Prison Service (Psychological Therapy Service), Oxleas NHS Foundation Trust, Bracton Centre

- Clinical Lead, Psychological Therapies Service and Forensic & Prison Services Directorate, Service Evaluation and Audit Lead. This senior role combines supervision of a team of eight therapists, to facilitate the provision of psychological therapeutic services across two prisons (high secure and remand) within southeast London. In addition, providing complex case clinical consultation to non-psychologist clinical and non-clinical colleagues, with delivering psychological assessment and treatment to prisoners with a variety of clinical presentations across two prisons (high secure and remand) southeast London. Furthermore, developing Oxleas' expanding prison psychological therapies service and refine its emerging model of care to ensure effective and non-excluding delivery of a service that aims to achieve equivalence with community provision. In addition, completing social services directed reports related to child protection cases, undertaking specialist risk assessments, conducting research, delivering training.

2017 – 19 Adult Forensic Mental Health/Medium Secure; HMP Prison Service (Bradley Therapy Service), Oxleas NHS Foundation Trust, Bracton Centre

- Team Psychologist based on 17 bed acute male ward; and psychology team staff based within prisons. This dual role adopted a trauma focussed approach to working with a complex client group with the aim to reduce risk of harm and re-offending; to alleviate psychological distress and support recovery through 1:1/group interventions. In addition, undertaking specialist risk assessments, conducting research, delivering training and providing consultancy within an MDT and supervising others.

2016 – 17 Lecturer in Forensic Psychology (Undergraduate and Postgraduate)– (Grade 8), Kingston University London

- Module Leader for a third year British Psychological Society (BPS) accredited forensic psychology undergraduate programme. Preparation and delivery of lectures to undergraduate and postgraduate psychology students. Supervision of undergraduate and postgraduate research dissertations. Involved in identifying suitable work placements for students and providing supervision as required.
- Delivered guest speaker lectures at University of East London

2015 – 17 Forensic Psychologist in Training– Full time (1.0) then part time (0.2) from Sept 16-17, HM Prison Service, National Offender Management Services

- Worked with prisoners and establishment staff to reduce the risk of re-offending whilst enhancing the provision of safer custody. Completing Parole Board directed psychological risk assessments and acting as an expert witness (received commendation from Parole Board)

Members). Conducting research, providing consultancy, delivering training for staff; and assessments and interventions for prisoners across six prison establishments ranging from open conditions to Category B security status.

- 2014 – 15 Forensic Psychologist in Training (Voluntary) (0.5), Allington Centre – KMPT, NHS**
- Worked with adult males with acute and enduring, complex mental health difficulties. Completed risk assessments and formulations. Delivered 1:1 and group psychological interventions under supervision
- 2014 – 15 Forensic Psychologist in Training (0.5), Tarentfort Centre – KMPT, NHS**
- Worked with adult males with learning disability with both acute and enduring, complex mental health difficulties. Completed risk assessments and formulations. Delivered 1:1 psychological intervention as well as facilitated adapted psychological and offending behaviour treatment groups. Conducted psychological risk assessments for community clients within Kent.
- 2013 - 14 Clinical Studies Officer (Band 5) - Forensic, Addictions and LD Service Line Lead (1.0), KMPT Research & Development, Trevor Gibbens Unit – KMPT, NHS**
